This office action is responsive to communications filed 06/22/2007.

**Claims 51 – 55 are pending.**

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in 37 CFR 1.56.

The instant oath/declaration, in the passage pertaining to duty to disclose, acknowledges the duty to disclose information that is material to the examination of the application, wherein, "examination" needs to be replaced with - - patentability - -.

2. It is noted that in the office action mailed on August 18, 2005, an election of species was set forth along with a corresponding election made telephonically by attorney Kristin Hiibner on August 10, 2005. The election was made with traverse to prosecute the species corresponding to Figs. 1A – 1C. However, the instant claims under consideration are generic to the species A, B, C and D, as set forth in the office action of August 18, 2005 and since these are allowable, the species restriction remains withdrawn ONLY with respect to Species A, B, C and D. Species E pertains to a rotatable mobile element and thus is patentably distinct from the species A, B, C and D. The restriction requirement set forth in the office action of May 20, 2005 remains in force.

3. Claims 51 – 55 are allowed.
